

Sexual Assault Awareness Month

Prevent Sexual Violence...in our workplaces

Dear Sexual Assault Advocates,

April is Sexual Assault Awareness Month and Thursday, April 3, 2008 is Sexual Assault Awareness Day. Nationwide, communities will come together to remember the courage of sexual assault survivors, honor our accomplishments as a movement and rededicate ourselves to ending sexual violence in our communities.

The Michigan Coalition Against Domestic and Sexual Violence (MCADSV) is proud to present the [2008 Sexual Assault Awareness Month \(SAAM\) Organizing Packet](#). The purpose of this packet is to provide you with resources for organizing activities in April and throughout the year.

This year's packet focuses on promoting the prevention of sexual violence. The National Sexual Violence Resource Center is promoting a new slogan: *Prevent Sexual Violence...in our workplaces* and A Day to End Sexual Violence. This slogan encourages us to give communities the message that sexual violence IS preventable. Be creative and use the materials that will best facilitate and support your organizational and community goals. MCADSV hopes this year's SAAM Organizing Packet will promote collaboration and coordination with nationwide efforts to increase awareness of sexual assault and provide a unified message.

Good luck with your Sexual Assault Awareness Month events!

Sincerely,

Mary Keefe
Executive Director
Michigan Coalition Against Domestic and Sexual Violence

Debi Cain
Executive Director
Michigan Domestic Violence Prevention and Treatment Board

The information in this packet has been compiled from various sources including the National Sexual Violence Resource Center, Florida Council Against Sexual Violence and Wisconsin Coalition Against Sexual Assault.

The Michigan Coalition Against Domestic and Sexual Violence wishes to thank the Michigan Domestic Violence Prevention and Treatment Board for their financial support of this project.
